The time period for reply, if any, is set in the attached communication.

DETAILED ACTION

The following details must be completed in order to proceed with the prosecution of the application:

- i. A new consent/3.73(b) is required. In 2008 the patent was reassigned and the new consent/3.73(b) needs to reflect the reassignment.
- ii. The Declaration filed May 28, 2009 has "is attached hereto" box regarding the specification. This is false. Appropriate correction is required.
- iii. The MPEP states that the person making the oath or declaration has reviewed and understands the contents of the application, including the claims, as amended by any amendment specifically referred to in the oath or declaration. The reviewed and understand clause is incomplete, since there are no amendments "as referred to above."
